from the Construction Site Described Herein.**

Submission of this Notice of Termination (NOT) constitutes notice that the party identified in Section I of this form relinquishes authorization for coverage under the Kansas Water Pollution Control general permit, or KDHE authorized successors, issued for Stormwater Runoff from Construction Activities in the State of Kansas. Submission of this Notice of Termination to KDHE relinquishes the permittee's authorization to discharge stormwater associated with construction activity at the site described herein. Completion of this NOT does not automatically relieve the former permittee of any civil, criminal and/or administrative penalties.

For completed projects, coverage is terminated when the Kansas Department of Health and Environment (KDHE) receives a complete NOT. For transfer of ownership, coverage is terminated when KDHE receives a complete NOT and a complete NOTO for the project, and KDHE confirms the transfer. To be considered complete, the NOT and the NOTO must be signed by the current permittee or a duly authorized representative of the current permittee, and must include the permit number assigned to the construction site. KDHE will notify any permittee whose NOT is incomplete, deficient or denied. **Please Print or Type.**
